The Netherlands steamer Waeland, which left Antwerp on the 11th and arrived here yesterday morning, reports that at noon on the second day out, and just after the Waeland left the channel, a whale was seen floating on the water directly in the vessel's course. It declined to move, however being fast asleep most likely, and the steamer's sharp iron bows struck full and fair about midway of its length.

The oldest shingles on a house in this State cover the roof of the Dow homestead, in which the eccentric preacher, Lorenzo Dow, lived at Oxoboxe Lake, eight miles west of this city, in the town of Montville. Lorenzo put the shingles on himself. He drew them in his ox cart from the Connecticut River. They were rived and planed and jointed by hand, and the marks of the clamps in which they were held while they were being prepared are plainly visible on them yet. Mr. N. B. Vars, who dwells in the Dow house, says that the shingles apparently are just as sound as on the day when they were nailed to the rafters, sixty-five years ago. Not one is missing, and none is rotten or punky. He says that they will last for sixty or seventy years longer. Lorenzo "liked good work, and after he had put them on he said to his neighbors that 'they were going to last to the day of judgment or thereabouts.'"

An Indiana newspaper is responsible for the statement that some woodchoppers in Rock Creek township, cutting down a big white oak, found the tree hollow. When the axe entered the cavity air rushed out with a whistle, followed by a flow of coal oil. Two barrels were filled, and the hole plugged up for further use.

YODER & CURRY,
LAND, LOAN & INSURANCE AGENTS,

Correspondence in English and German.

Lockwood, Dade County., Mo.

The lands we have for sale are located in a country that, for a combination of those natural resources which add to the pleasure and comfort of man, cannot be excelled, if equaled, by any other locality on this Continent. We refer to the salubrity and healthfulness of its climate, the productiveness of its soil, the profusion and variety of its agricultural products, and the intelligence, morality and good character of its citizens. Comparing its present condition with its possibilities, this country although no longer on the confines of civilization, is yet in its infancy; and investments made in farms now will, eventually, yield a large percentage of gain in value while the country grows into the magnificent proportions destined for it by the great Architect of its natural resources.

We subjoin a partial list of the farms we have to sell, and we will take pleasure in answering any questions pertaining more particularly to the inducements we have to offer to parties desiring to locate in the great and growing West.

- No. 50. 80 acres, good land; all clear; fenced with hedge and barbed wire; orchard and shade trees that cost \$800 to build; a western barn; six miles from Lockwood and within four miles to coal and timber. Price \$2,000.
- No. 51. 80 acres; all fenced and broke; good house; small orchard; all fenced in hedge; 4 miles from Lockwood, in a good neighborhood. Price \$2,400.
- No. 52. 95 acres; all fenced in barbed wire and hedge; 65 acres broke; house 14x24; 8 miles from Kings Point; 7 miles from Lockwood. Price \$1,600.
- No. 53. 160 acres; all fenced with barbed wire; 65 acres broke; good well; 300 apple trees 3 yrs. old, and other fruit; house and barn; 3 miles from Lockwood. Price \$26.00 per acre on good terms.
- No. 55. 320 acres; 2 miles from Lockwood; good frame house 200 apple trees; peach trees and ings. Price \$38. per acre. This tract may be sold in two parts.
- No. 60. 40 acres; 30 acres fenced; 15 acres timber; never failing spring of water; good land; on public road; 2 miles from Lockwood. Price \$600.

We will change the above list from time to time, but if any time parties desiring land will write to us describing what they want, we will try to supply their wants. Be sure to see this country before locating elsewhere.
